

An Exceptional Learning Journey To Inspire Future Leaders

Launched with Klang Valley learners in mind, UCSI International School (UIS) Subang Jaya is strategically located where leisure and urban sprawl co-exist. The combination of the Cambridge Curriculum and the International Primary Curriculum during primary school lay the foundations for secondary school and the rigorous IGCSE exams. UIS Subang Jaya possesses an excellent team of School Leaders and academics to guide our students in their studies, character development and growth.

Our school has continued to serve as an educational home to both local and expatriate individuals, not only amongst our academic team but amongst our students and school community as well. UIS Subang Jaya focuses on eight critical characteristics in our learning content and experiences. The rapid advancement of technological innovation, global competition and a push towards a knowledge-based economy require our students to have a repertoire of soft and hard skills. We therefore place a strong emphasis on Character Education, Global Citizen Skills, Problem-based Collaborative Learning and Co-curricular Activities amongst others, forming a truly holistic education for the 21st century.

Our emphasis on education isn't only labelled in academic and creative excellence, but to equip students with 21st century skills such as character, communication, collaboration, creativity, critical thinking while inculcating virtues such as integrity, honesty and empathy in our students.

Our Eight Critical Characteristics

1. CHARACTER EDUCATION

2. GLOBAL CITIZENSHIP SKILLS

3. INNOVATION AND CREATIVE SKILLS

4. TECHNOLOGY SKILLS

5. INTERPERSONAL SKILLS

6. PERSONALISED AND SELF-PACED LEARNING

7. PROBLEM-BASED COLLABORATIVE LEARNING

8. LIFELONG LEARNING

OUR VISION AND MISSION

Our Vision

UCSI Schools aim to develop global citizens and inspire future leaders by providing a world-class, 21st century education.

Our Mission

The mission of UCSI Schools is to provide a holistic education that prepares learners for the future by equipping them with the skills, knowledge, and values needed to become responsible global citizens in a 21st century world.

Why Study at UCSI International School Subang Jaya?

*Important Note:

As UIS Subang Jaya is transitioning to a 6 year primary programme from the current 5 year programme, students who are enrolling for Early Years and Primary Year 1 commencing from academic year 2021/ 2022 will undergo a 6-year primary programme. Those who are enrolling into Primary Year 2-5 will undergo the current 5-year primary programme.

EARLY YEARS CURRICULUM

(EYC 1-2)

The International Primary Curriculum (IPC) Early Years Programme was written by practising early years specialists and provides the same mix of practical, rigorous support for teachers and exciting, appropriate work for children as the IPC main programme. The Early Years Programme also helps children to become familiar with the IPC learning process for each unit and better prepare them for progression to the IPC main programme.

Based on the very best early years practice, the IPC Early Years units of work help children develop in a way which is wholly appropriate for their age. The Early Years Programme is offered for students age 4-6, and serves as an introduction for the Year 1 IPC units.

PRIMARY LEVEL CURRICULUM

(Year 1-5)

In the primary level, students follow the Cambridge Primary Curriculum of English, Mathematics and Science, as well as the International Primary Curriculum (IPC). The IPC is a comprehensive, thematic, creative curriculum with a clear process of learning and with specific learning goals for every unit. These learning goals include:

Subject Goals

The IPC subjects include information and computing technology, history, geography, music, physical education, and art. All have the objective to cover not only the knowledge, but also key skills and understanding relating to the subjects studied.

International Goals

Each thematic IPC unit includes an international aspect with the goal to develop a sense of international mindedness in the students.

Personal Goals

Students focus on eight personal learning goals as part of their learning. These are: enquiry, resilience, morality, communication, thoughtfulness, cooperation, respect, and adaptability. The curriculum sets clear learning objectives and focuses on developing knowledge and skills in all of the subjects, providing an excellent foundation for the next stage of education.

**Important Note: As UIS Subang Jaya is transitioning to a 6 year primary programme from the current 5 year programme, students who are enrolling for Early Years and Primary Year 1 commencing from academic year 2021/ 2022 will undergo a 6-year primary programme. Those who are enrolling into Primary Year 2-5 will undergo the current 5-year primary programme.*
